This just in from Kim Pearson over at TransYouth Family Allies:

I hope you all will remember to tune in tonight and invite your friends over to watch with you. Also forward the invitation to everyone you know please. This is really going to be an important show. NatGeo Channel, Explorer Series, Sex, Lies & Gender Episode, 8P MT, featuring TYFA Family, Josie, Jade, Venessia and Joseph Romero.

You may post your thanks for the Romero family participation here at our cause or at Venessia Romero's Facebook page. We all owe them our gratitude for being so brave.
