P - state does not have online voter registration, the link is to a paper registration form. PC - last day to change party affiliation in advance of a primary, if already registered. SD - same day registration available.

*Louisiana has no primaries - the general election is the “primary” and a runoff is held if no candidate receives 50% of the vote. **Massachusetts is considering rescheduling its primary to an earlier date, therefore it is still undetermined. ***Individual Virginia districts decide whether to accept the results of a primary or to hold a convention to determine the nominee of the party. ****If there is a runoff, the second date corresponds to the registration deadline for the runoff. Otherwise, the date marked PC is the deadline for changing party affiliation in advance of a primary. *****New York’s party change deadline has expired. If you were already registered and wanted to vote in a different primary, you were required to change your party registration by 10/13/17 in order to cast a ballot in the

2018 primaries. H/T: r/politics
